Hi – First, thank you for thinking of me. I am more than happy to assist. I spoke to Vicki and she is supportive as well. Should I call the response team directly to figure out the specific deployment details or would I work through you Tana?

Thank You,

Mary Matthews

Sounds good. Have them get in touch with her directly. I'm in a 4-hr telework training this morning. Fun.

Yeah I think so. I think an hour or 2 a day to review costs, track technical direction and help w estimates should be a help.

Michelle, Rob and Jason should discuss and let us know what duties they could use Mary for.

I haven't talked to Vicki this morning, but she is OK with Mary helping part-time.

Harry/Rob, will that work, or would you rather have someone full-time?

Hi Pete,

I have Mary leading Region 9's AmeriCorps/Peace Corps recruitment efforts. I can't spare her full-time. Can we share?

Subject: RSC Support Fruitland Magnesium Fire

Importance: High

Hi Vicki:

I just left you a voicemail message requesting Response Support Corps assistance in having Mary Matthews provide support to our OSCs at a site in Maywood, CA. Since Mary is local and has a background in contracts/finance, we need her assistance to oversee cost tracking of our START and ERRS contracts. We currently do not have anyone available in our program for this support. The tour of duty would begin tomorrow or Thursday and be 1-2 weeks in duration.

Please let me know if Mary can provide RSC support.

Thanks

Pete Guria, Chief
